Everything Flows is Vasily Grossman's final testament, written after the Soviet authorities suppressed his masterpiece, Life and Fate. The main story is simple: released after thirty years in the Soviet camps, Ivan Grigoryevich must struggle to find a place for himself in an unfamiliar world.

tenderness, "Forever Flowing" is primarily a history of the horrors of the Soviet state before, during, and after its Stalinist phase.

Grossman's chapters recounting the huge famine of 1932, which was a government-enforced starvation of millions, particularly in the Ukraine, are matchlessly brilliant and profoundly moving.

Freedom is the  
opposite of necessity.  
Freedom is necessity

in essence, the  
progress of human

all, life itself is  
freedom. The evolution

Jewish journalist from the Ukraine was known for his coverage of how the Red Army fought against the invading Germans. He was among the first journalists to visit the remains of the killing center at Treblinka and his essay on the subject appeared in the Soviet literary journal Znamya (Banner) in November 1944.

One of the narratives in Forever Flowing – the section dealing with the Ukrainian famine in the 1930s, during the collectivisation of agriculture – is just incredible in how Grossman was able to get inside the head of the characters. That story is just bloodstopping in its power.

This was Grossman's last novel, left unfinished at his death. It is substantially shorter than his magnum opus, Жизнь и судьба (Life and Fate), and has less plot but far more political commentary.
