MFJ-269 repair. by Jeff Liebermann AE6KS. 2011-09-05. MFJ-269 antenna analyzer arrived with the usual symptoms. Bizarre readings, weird numbers, strange reading, and no obvious cause. The problem is usually the diodes in the broadband detector, which are easily destroyed by RF, ESD, and transmitting into the antenna connector. ...

Some MFJ manuals were re-written and distance-to-fault measurement procedure errors were introduced. I think this occurred sometime around 2002, but was later corrected. If your manual tells you to tune to the next band up or down when measuring any length process (stubs, DTF, etc.) it is absolutely incorrect.
