Physical Chemical Self Test Answer

The purpose of the Student Notebook is to guide your student toward becoming more structured, logical, factual, and most importantly, independent!. The first step toward independence is knowing what to do and when to do it. The modules of our middle school physical science textbook have been broken down in the student notebook into daily lesson plans for your student to follow.

Bromobenzene is the simplest member of the class of bromobenzenes, that is benzene in which a single hydrogen has been substituted by a bromine. A liquid at room temperature (m.p. -30°C ; b.p. $760\ 156^{\circ}\text{C}$), it is used as a solvent, particularly for large-scale crystallisations, and for the introduction of phenyl

groups in organic synthesis.

Bromobenzene | C₆H₅Br - PubChem

Excerpt from ERG Guide 129 [Flammable Liquids (Water-Miscible / Noxious)]: As an immediate precautionary measure, isolate spill or leak area for at least 50 meters (150 feet) in all directions. LARGE SPILL: Consider initial downwind evacuation for at least 300 meters (1000 feet). FIRE: If tank, rail car or tank truck is involved in a fire, ISOLATE for 800 meters (1/2 mile) in all directions ...
