Amazon.com: Answers for Aristotle: How Science and ...

According to philosopher and biologist Massimo Pigliucci, the greatest guidance to this essential question lies in combining the wisdom of 24 centuries of philosophy with the latest research from 21st century science. In *Answers for Aristotle*, Pigliucci argues that the combination of science and philosophy first pioneered by Aristotle offers us the best possible tool for understanding the world and ourselves.

Answers for Aristotle: How Science and Philosophy Can Lead ...

Answers for Aristotle is a veritable Cook's Tour of science, philosophy, and the curious meeting ground of the two. The best approach, as the author intended, is to sit back in a quiet hour or two and take it all in, then look back afterward to behold the vast terrain you have covered." The *Philosopher's Magazine*.

Answers for Aristotle: How Science and Philosophy Can Lead ...

Answers for Aristotle: How Science and Philosophy Can Lead Us to a More Meaningful Life by Massimo Pigliucci Science provides us with a perspective on the world, not with a God's-eye view of things. It gives us an irreducibly human, and therefore to some extent subjective—yet certainly not arbitrary—view of the universe.
