Max Stirner (1806-1856) is the author of Der Einzige und sein Eigenthum (1844). This book is usually known as The Ego and Its Own in English, but a more literal translation would be The Unique Individual and their Property).Both the form and content of Stirner's major work are disconcerting.

### Max Stirner (Stanford Encyclopedia of Philosophy)

Eye movement desensitization and reprocessing (EMDR) is a form of psychotherapy in which the person being treated is asked to recall distressing images; the therapist then directs the patient in one type of bilateral stimulation, such as side-to-side eye rapid movement or hand tapping. EMDR was developed by Francine Shapiro starting in 1988. According to the 2013 World Health Organization (WHO) ...

### Eye movement desensitization and reprocessing - Wikipedia

The philosopher Socrates remains, as he was in his lifetime (469-399 B.C.E.), [1] an enigma, an inscrutable individual who, despite having written nothing, is considered one of the handful of philosophers who forever changed how philosophy itself was to be conceived. All our information about him is second-hand and most of it vigorously disputed, but his trial and death at the hands of the ...
